

Tony Evans – Profile

After graduating in Modern European Studies in 1984 and travelling extensively throughout Europe for a year, I embarked on a career in Teaching English as a Foreign Language (TEFL) which spanned 6 years and took me to Germany, Italy and France. I then moved into Operations Management (staff recruitment, programming and troubleshooting) before taking on roles in Sales and Marketing with a number of leading organizations in the industry. Since September 1995 I have been involved in the creation and management of 3 start-up companies in the UK, France and Germany. In 2001, I set up Language Network Ltd., a small consultancy business specializing in educational travel for the youth market and drawing on the knowledge, experience and contacts collected over the past 24 years.
